This message will be brief, as I am preparing to leave for the NFPA Conference & Expo in Chicago.

It's hard to believe that summer & hurricane season are already here. Registration for both the Fire Alarm Test & Inspection Seminar, and the June Quarterly Meeting are progressing well.

Attached are the June Meeting Registration form, agenda, and also information on the Fire Alarm Test & Inspection Seminar. Remember, this will be the only "National" Seminar presented by the Louisiana Automatic Fire Alarm Association this year—so please register. Please forward this information to other personnel in you organizations and friends in the industry. We apologize for duplication if you have already registered for these events, but I wanted to send at a minimum two announcements to make sure everyone has received them.

**Reminder—please mail all registration payments to the Association at 7575 Jefferson Hwy #16, Baton Rouge, LA 70806.**

We are still having difficulties with some members mailing payment to the Fire Marshal's Office or the old Association address. As always, please fax or e-mail a copy of your registration to Mike at Priority Systems. **We are preprinting Continuing Education Certificates so it is very important to prepay your Meeting Registration.** Payment at the door and late payments will be processed in accordance with the payment policy on the Registration form. **We are an all volunteer staff. Your early and prompt payment makes our jobs easier.** Thanks in advance for your cooperation.

In closing, I'd like to thank Linda Biernacki with Fire Tech Systems, Inc. in Shreveport for sponsoring the June Meeting. We are still needing a sponsor for the September Meeting.

Sincerely,

Roger Bourgeois  
LA-AFAA President
